

Gaston Family Health Services

February 28, 2020

Dear Friends,

New Name. Same Great People.

We hope your 2020 is off to a productive, healthy start. Here at Gaston Family Health Services, we have some exciting plans – and we wanted you to be one of the first to hear about them.

As you may already know, our nonprofit organization operates over 26 practices in Alexander, Catawba, Davidson, Davie, Forsyth, Gaston, Iredell and Lincoln Counties. We have more than 25 years of experience delivering quality health care, health education and preventive care services to the residents of these communities, without regard for the ability to pay.

On April 2 2020, we will begin operating under a new brand name.

That new identity, Kintegra Health, combines the word ‘kin’ for family, and the root of the word ‘integration’ and ‘integrity’. It better represents our vision to deliver comprehensive, integrated whole-person care to our patients and families.

Please take a moment to review this [short 3-minute video](#) which summarizes our new look and capabilities.

We have a new name, but our day-to-day operations remain unchanged. The same great people stand ready to serve patients, assess needs, seek solutions, build partnerships, and expand access to care.

We are proud of our journey, and are prepared for our future.

We look forward to announcing our official launch on April 1. Until then, thank you for your continued support.

Sincerely,

Robert E. Spencer, CEO
